

PATENT

Our Docket No. 910022.ORI

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Re App : Michael R. Forman

S.N. : 07/800,201

December 14, 1993

Filed : November 29, 1991

Patent # : 5,267,959

Issued : December 7, 1993

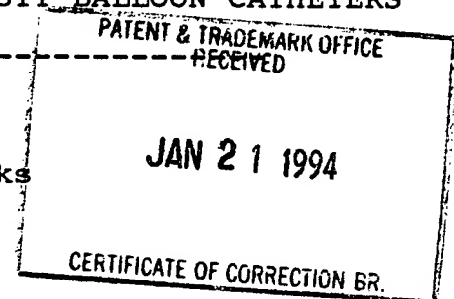

For : LASER BONDING OF ANGIOPLASTY BALLOON CATHETERS

LETTER

The Commissioner of Patents and Trademarks

Washington, D.C. 20231

Sir:

In the matter of the above-identified patent, a careful check of the same against the file of the attorney shows that two (2) errors therein are chargeable to the official printer. The errors are found in the patent as follows:

Claim 15, line 25 the word "dilation" should read  
-- dilatation --.

Claim 16, line 7 the word "dilation" should read  
-- dilatation --.

We do not deem it sufficiently critical to request a Certificate of Correction, but merely wish it to be of record.

Respectfully submitted,

HAUGEN AND NIKOLAI, P.A.
